

CAMPO CRÈ

MALBECH

IGT Marca Trevigiana Malbech Red Wine

° 12,5 % Vol

15 °C

Malbech (Argentinian clone)

Ponte di Piave, Via Calderba and Via Salute
(just behind the winery)

Low environmental impact integrated pest control as a replacement for systemic pesticides and chemical fertilizers. Leaf thinning is performed after bloom. We perform minimal hedging.

Cold pre-fermentation maceration at 13 °C.
Cold fermentation at 22 °C for 7 days. A selection of the pressings is employed.

A full ruby red wine that shows its great character. The aromas are fruity and spicy. Tannin-rich it is pleasant and agreeable.

It complements charcuterie, white meats and pork-inspired dishes of the Venetian tradition! Great accompaniment to quality meals.
