

CAMPO CRÈ

PINOT GRIGIO

IGT Marca Trevigiana Pinot Grigio White Wine

° 12,5 % Vol

12°C

"A true great fine wine that can easily match all the dishes of a quality meal..."

Pinot Grigio

Ponte di Piave, Via Salute. Parcel just behind the winery.

Low environmental impact integrated pest control as a replacement for systemic pesticides and chemical fertilizers. Leaf thinning is performed after bloom. We perform minimal hedging.

Light maceration on the skins. Static settling of the must. Fermentation is carried out in stainless steel tanks at a controlled temperature of 18°C

Its colour is straw yellow, slightly amber. The aroma is elegant, pronounced and varietal. In the mouth it is lean, well-orchestrated and rounded.

It goes well with fish based dishes, light starters and first course dishes, and perfectly complements semi-mature cheeses and charcuterie.
