Low environmental impact integrated pest control as a replacement for systemic pesticides and chemical fertilizers. Leaf thinning is performed after bloom. We perform minimal hedging.

Cold pre-fermentation maceration at 13 °C. Cold fermentation at 22 °C for 7 days. A selection of the pressings is employed.

Slightly sweet, soft, velvety, round. Fine-grained. Excellent body, elegant with a pleasant, long finish. Aromas of red fruit and spices.

Despite its bold body this wine complements all dishes very well. Thanks to its soft tannins it really goes well with particular quality dishes, as well as white meat and charcuterie. anche a piatti particolari.
